PANELISTS

Paul Van Metre, ProShop Founder

Paul is the president of ProShop USA and founder at Adion Systems, which develops ProShop, a revolutionary web based and paperless ERP/MES/QMS system specifically designed for the metalworking industry. They partner with shops that seek to push the edge of technology by going completely paperless and building robust business processes to achieve high rates of growth, profitability, and performance.

Sam Golan, HighQA Founder & CEO

Sam Golan, Founder, and CEO has helped guide High QA from the entrepreneurial stage to the industry presence it is now. His expertise in business development, product positioning, market strategy, and team building allow High QA to grow continuously. He has over 30 years of experience as an international executive.

Max Tipton, Paperless Parts VP of Sales

Max Tipton is the VP of Sales, North America at Paperless Parts. A trusted partner of the National Tooling & Manufacturing Association, Paperless Parts is revolutionizing the manufacturing landscape; the secure, cloud-based software empowers job shops and contract manufacturers to quote faster, more accurately, and with reduced risk.
